

GENERAL INFORMATION

BACK FIELD™ is an excellent sticker, which enhances the adhesion and duration of applied pesticide spray solutions. By bonding active ingredients to the plant surfaces, **BACK FIELD™** facilitates maximum efficacy of pest control applications and provides some wash off protection against rainfall and irrigation.

Ideal For:

- Increasing the efficacy of pesticide spray operations
- Extending the duration of fungicide control, especially under adverse weather conditions
- Improving the rainfastness of pesticide applications

DIRECTIONS FOR USE

NOT FOR AQUATIC USE

NOTICE: Pesticide manufacturers routinely detail adjuvant use guidelines on the pesticide label and should be followed. The use, mixing and dosage guidelines on this label are not intended to supersede or displace pesticide label instructions and should only be used as general use recommendations when or if pesticide labels do not provide specific instructions.

Apply solutions containing **BACK FIELD™** a minimum of one hour before expected rainfall. Sunlight is required during this time to bond the pesticides to the target.

MIXING INSTRUCTIONS

As with all spray applications, be certain the spray tank is clean and free from previous spray solutions using a tank cleaner such as **ONSIDE KICK™**. Always follow the instructions on the pesticide label. If the label lacks specific mixing instructions, add tank mix ingredients in the following order:

- 1.) Fill tank ½ full of water and initiate tank agitation systems. If foaming is anticipated, add an antifoam agent such as **REVERSE™**.

- 2.) Add pesticide/nutritional actives as directed by those respective label(s). Continue agitation.

- 3.) Add the required dosage of **BACK FIELD™** (refer to the dose chart below).

- 4.) Continue filling tank with remaining water and maintain agitation throughout the spray process.

USE RATES

APPLICATION **BACK FIELD™** PER 100 GALLONS OF SPRAY SOLUTION

Insecticides, Fungicides & Herbicides 4 - 6 oz.

Foliar Nutrient Sprays 4 oz.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Store in original container only. Do not add anything to the container. Keep container tightly sealed when not in use. Do not store near fire, flame or other potential sources of ignition. Do not contaminate water, food or feed by storage or disposal of this product.

DISPOSAL: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal if allowed by law. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

WARRANTY STATEMENT: EXACTO, INC. (Exacto) represents and warrants that its products are manufactured in accordance with the product's specifications and that its products, at the time of delivery to the purchaser, shall be free from all material defects. EXACTO MAKES NO WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, CONCERNING THE PRODUCT, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE DISCLAIMED. FURTHER, IT IS UNDERSTOOD AND AGREED THAT EXACTO'S LIABILITY SHALL NOT EXCEED THE RETURN OF THE AMOUNT OF THE PURCHASE PRICE PAID BY PURCHASER AND UNDER NO CIRCUMSTANCES SHALL EXACTO BE LIABLE FOR SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES. Products for which a warranty claim is made are to be returned transportation prepaid to Exacto's production facility. Any use not in accordance with product directions and precautionary statements, and any modifications or additives to the products, or any adulteration, dilution or alteration by the purchaser shall void this warranty. No employee or representative of Exacto is authorized to change this warranty in any way or to grant any other warranty.
